Texas Hospital Requests 50 PTFC Recycling Containers . . . October 28, 2008.

Shortly after being contacted by Randy Hasik, Assistant Director of Therapy Services at **North Hills Hospital** (North Richards Hills, Texas), the **Hospital Employee's Advisory Committee** approved & requested 50 PTFC Recycling Containers.

Although, there was a slight mishap with the initial shipping, additional recycling containers have been sent!

We couldn't be any happier to have North Hills Hospital's support (<http://www.northhillshospital.com>) . North Hills is the latest of approximately 20 hospitals sending us pull tabs!

Thank you!!!!!!!!!!!!!!
