## The Youth Are Truly Our Future

---

In the modern world, we all spend time bemoaning the state of things. We often feel powerless to make this the sort of world we want to leave our children and grandchildren. But if we stop and look around, we realize that our children and teens are already working to improve the world in which they live. Take Rachel – turning 13, she decided she could make a difference by asking all those attending her 13<sup>th</sup> birthday party to bring pull tabs. And they did. She made it easy by providing little silver bags as a reminder to her friends. And she's still getting tabs from friends all over the country and even from Canada. 200 more pull tab collectors giving us all another reason to smile. The pictures tell it all – and in hands like these we are making a better world.
